

Puppy Prerequisites

We all want our puppy to grow up to be the next Heavyweight Retriever Champion of the World!

Before you begin formal basics you need to do a quick check and give an honest evaluation of what and how you have prepared your puppy for the journey ahead.

If in your heart you believe you have missed something important or that your puppy lacks confidence, exposure, puppy training, or ABILITY – take the time to further prepare. If ability is the issue, take the time to deeply consider if your aspirations for this particular puppy are fair to him.

No amount of training can instill drive that is not there, or build heart that does not exist.
